

SIH: Spontaneous
Intracranial
Hypotension

Naples
Meeting

MAY **22nd**
2023

Naples
Royal Continental
Mirabilis Room

COURSE DIRECTORS
PETER KRANZ
MARIO MUTO

Dear Friends,

Neuroscience is a changing and evolving world, making it extraordinarily challenging and interesting. Staying current requires continuous medical education in order to be at the forefront of medical practice.

Spontaneous Intracranial Hypotension represents one of the most interesting topics in neuroscience today, and has seen the proliferation of many new diagnostic and therapeutic approaches in the last 5 years.

This condition is underdiagnosed, and all physicians in the neurosciences - including radiologists, neurologists, and neurosurgeons - need to be familiar with diagnostic and treatment pathways.

This meeting will share the experience of world experts and innovators in SIH and will prepare attendees to care for patients suffering from this condition with the latest cutting-edge diagnostic and therapeutic tools.

See you in Naples!

Peter Kranz and Mario Muto

EUROPEAN AND ITALIAN ACCREDITATION

The event SPONTANEOUS INTRACRANIAL HYPOTENSION AND ELSE.... NAPLES MEETING 2023, Naples, Italy has been granted 8 European and Italian CME credits (ECMEC®s) by the European Accreditation Council for Continuing Medical Education (EACCME).

Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

The EACCME awards ECMECs on the basis of 1 ECMEC for one hour of CME with a maximum of 8 ECMECs per day.

The meeting is addressed to the following healthcare professionals:

1. Radiologists
2. Neuroradiologists
3. Neurosurgeons
4. Neurologists
5. Orthopedics
6. Anaesthesia/Intensive Care
7. Students/Residents
